SUMMARY

Motivated Computer Science student with strong interest in Python, Web Development, and C++ with DSA. Skilled in building responsive websites using HTML, CSS, and JavaScript, and currently improving problem-solving through Data Structures & Algorithms. Eager to learn new technologies, work on real-world projects, and grow as a software engineer.

WORK EXPERIENCE

july 2024-Present

Web Development Learner (Self -Project Work)

- Built responsive website using HTML ,CSS JavaScript , and Python.
- Developed projects like AI Image Search Engine, Email Spam Detection Tool, and Rainwater Harvesting Website.
- Improved UI design, API handling, and frontend logic development skills.

C++ with Data Structures & Algorithm - Practice

april 2025-Present

- Practicing C++ and DSA to strengthen problem -solving and coding efficiency.
- Solved multiple questions on platforms like HackerRank and LeetCode.
- Improved understanding of arrays, string recursion , pointers, and competitive coding concepts

Technical Learning & College Activities (Self Initiated)

- Participated in college tech events and workshops.
- Continuously learning new technologies and improving technical skills.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science Engineering

Sir Chhotu Ram Institute of Engineering and Technology, Meerut 2024 2028 (Pursuing)

- Coursework: Data Structures & Algorithms, Web Development, Python Programming.
- "Actively improving coding skilld through daily practice and real-world mini projects.

Class 12th Science Stream & Class 10th

2022-2022

12th percentage:79 in 2022 & 10th percentage: 84 in 2020

ADDITIONAL INFORMATION

- **Technical Skills:** HTML,CSS, JavaScript, Python, C++(DSA)
- **Languages:** English, Hindi
- **Awards/Activities:** Participated in college tech events; active on Leetcode &HackerRank for coding practice.
